EVWA FORUM

Trust in March. Display in October.

Negotiate and announce in March. Deploy and present in October.

WHEN

14 to 17 March 2027

WHERE

Ducale Lara, Antalya, Türkiye

THE FORUM

An Exclusive B2B Platform for Industry Leaders

AT A GLANCE

Where the makers meet the markets.

The EVWA Forum is an exclusive business-to-business platform where the makers of everything in the electric vehicle world meet the buyers of Türkiye, the Middle East, Africa, the Caucasus, Central Asia, the Balkans and Europe.

For four days and three nights in Antalya, industry leaders from both sides sit at the same tables, in private, one meeting at a time. Every meeting is arranged before anyone arrives. There are no stands and no exhibition halls. Makers bring their brochures, their offers and their people. Buyers bring their markets.

The Forum is the first half of EVWA, Electric Vehicles World - Antalya. In March, leaders build trust, negotiate and announce. Six months later, at the EVWA festival, they deploy and present to the public, with stands and cars.

4 days

Sunday 14 to Wednesday 17 March 2027, three nights at Ducale Lara.

7 regions

Türkiye, the Middle East, Africa, the Caucasus, Central Asia, the Balkans and Europe.

1 to 1

Private meetings, booked in advance, between accepted makers and buyers.

All inclusive

Rooms, all meals, transfers, meetings, welcome and gala dinners.

Leaders only

Every participant applies and is accepted.

1 system

Forum leaders hold rates at the EVWA festival that only they can have.

IN PICTURES

Arrival in Lara.

Met at Antalya Airport, welcomed at the resort, and at the table by breakfast.

WHY THE FORUM

A young market needs a meeting place.

The electric vehicle market across these regions is young, growing and fragmented. Everyone is new. Makers are searching for markets, buyers are searching for makers, and no single place brings them together.

Makers are searching

A maker who wants to enter Türkiye, the Gulf, Central Asia or Africa faces months of travel, country by country, to find the right distributor, network or reseller, with no way to know in advance who is real.

Buyers are searching

A wholesaler, a network or a reseller who wants to build an electric business faces long sourcing trips and hundreds of makers, with no way to know in advance who will still stand behind the product in five years.

WHY ANTALYA, AND NOT A GIANT FAIR

- The giant fairs are where you buy products. The EVWA Forum is where you sell into new markets and find the partners to do it.
- Business in these regions is built on trust, and trust is not built walking past stands. It is built over three nights in one place, at breakfast, at dinner and at the table.
- Every meeting is booked in advance, with people chosen for each participant. Four days are spent well, not searching.
- Antalya is a short flight from Europe, the Middle East, the Caucasus, Central Asia, the Balkans and North Africa, and a place people already know and enjoy.
- What starts in March is shown to the public in Antalya six months later, at the EVWA festival.

IN PICTURES

One table at a time.

A calm hall of private tables, each meeting booked before anyone arrives.

WHO MEETS WHOM

Two sides, one table.

Both sides are industry leaders. Both apply, both are accepted, and both come because they need the other.

The makers

Makers outside China who want to reach these regions, and makers in China who want to reach real buyers here. Everything in the electric vehicle world: chargers, AC and DC, home and mobile; batteries; charging hubs; solar and green energy; cables and transformers; tools, technology, software, innovation, new products and new concepts.

The buyers

Wholesalers, resellers and distributors; charging networks, established and new; installers; fleets; hotel groups; utilities; and everyone who builds or sells into the electric vehicle market of their country.

THE REGIONS

REGION	WHO COMES
Türkiye	One of the largest electric vehicle markets in Europe, and the bridge between them all
The Middle East	The Gulf and the wider region, building charging and fleets
Africa	North Africa and beyond, at the start of the electric transition
The Caucasus	Young markets with fast growing demand
Central Asia	New networks and distributors seeking partners
The Balkans	Markets close to the European Union, growing quickly
Europe	Makers and buyers, East and West, reaching Türkiye and beyond

IN PICTURES

Makers bring their products.

Brochures, catalogs and the products themselves, on the table and in the hand.

HOW IT WORKS

Trust in March, display in October.

Apply	**Leaders only**	Makers and buyers apply. EVWA checks that each one is real and active in its market, and accepts them. Acceptance is the first sign of trust for everyone in the room.
Choose	**Before arrival**	Accepted participants see the profiles of the other side and choose whom they want to meet. EVWA arranges each private meeting before anyone travels.
Meet	**In Antalya**	Private one-to-one meetings at reserved tables, between the sessions and the meals. What is said at the table stays at the table.
Announce	**If they wish**	The Forum gives participants a platform to announce what they choose: a partnership, a market entry, a plan for October. The announcement belongs to them. EVWA does not announce on anyone's behalf.
Present	**In October**	Forum leaders deploy and present at the EVWA festival, with stands, cars and the public, at rates only Forum leaders hold.

GUIDANCE FOR BOTH SIDES

EVWA stands on objective ground. It gives the same public guidance to both sides: for makers, the rules, regulations and market status of each buyer country; for buyers, how to choose the winners among makers. EVWA does not rank makers, does not advise in private and does not consult.

EVWA never shares or sells contact lists. Participants meet through the Forum, in person, by mutual choice.

IN PICTURES

Guidance for both sides.

Open sessions for makers and for buyers, then workshops and panels in smaller rooms.

THE FOUR DAYS

Sunday 14 to Wednesday 17 March 2027.

Ducale Lara is a five-star, ultra all-inclusive beachfront resort in Lara, Antalya, about 18 km from Antalya Airport. For four days it belongs to the Forum. The main language of the Forum is English.

DAY	PROGRAM
Sunday 14	Arrival and transfer from Antalya Airport. Registration. Welcome dinner.
Monday 15	Opening. Guidance sessions for makers and for buyers. Private meetings through the day.
Tuesday 16	Private meetings through the day. Announcements by participants who wish to make them. Gala dinner.
Wednesday 17	Farewell breakfast. Final meetings. Transfer to Antalya Airport.

INCLUDED FOR EVERY PARTICIPANT

- Three nights at Ducale Lara, ultra all-inclusive
- Transfers from and to Antalya Airport
- Private one-to-one meetings, arranged in advance
- All meals on all days, the welcome dinner, the gala dinner and the farewell breakfast
- The guidance sessions and the Forum materials
- Forum leader rates at the EVWA27 festival

The program is a draft and will be confirmed with the final schedule.

IN PICTURES

Three nights in Lara.

The gala dinner for every participant, walks along the shore, and evenings that turn new contacts into partners.

PARTICIPATION

Packages and fees.

Both sides pay, because both sides save. One all-inclusive package, with a fee for each side.

PACKAGE	MAKERS	BUYERS
Founding leader, early	€2,450	€1,150
Standard	€2,950	€1,450
Second person, same company, sharing a room	€1,950	€950

What makers save

Months of sales trips and fair costs, country by country, to reach checked buyers from seven regions in one place.

What buyers save

Long sourcing trips and the cost of a wrong choice, by meeting checked makers who compete for their business.

Fees are in euro, per person, and include everything listed for the four days. Flights to Antalya are not included. Places are limited, and every participant applies and is accepted before paying.

HOW TO TAKE PART

- Apply as a maker or as a buyer, with a short profile of your company and your markets.
- Once accepted, confirm your place with your fee. Founding leader rates are for those who confirm first.
- Before March, choose the companies you want to meet from the other side. EVWA arranges every meeting.
- Arrive in Antalya on Sunday 14 March 2027. Everything else is taken care of.

IN PICTURES

Agreements, made in person.

What begins at one table can end with a signature, in the same week, in the same place.

IN PICTURES

Four days, well spent.

Sessions in the morning, meetings through the day, and time to talk in between.

IN PICTURES

From March to October.

Six months later, Forum leaders present at the EVWA festival, with stands, cars and the public.

EVWA FORUM
